

Utility Easement 10ft

SYNTHETIC DOCUMENT FOR DEMO/TESTING ONLY.

Recording Information

Instrument No.: 2019-454347 | Recorded: April 08, 2019 | County/State: Fulton County, GA

Grant of Easement

Grantor hereby grants to Grantee a 10' wide exclusive utility easement (the 'Utility Easement') over the Easement Area described in Exhibit B.

The Utility Easement permits installation, operation, maintenance, repair, replacement and removal of utility lines and related appurtenances.

Restrictions

No permanent structures shall be constructed within the Utility Easement Area without the prior written consent of Grantee.

Temporary paving and striping may be permitted provided it does not materially interfere with utility operations.

Relocation

Grantor reserves a right to request relocation of the utility facilities, subject to Grantee's reasonable approval and at Grantor's sole cost and expense.

Relocation shall not unreasonably interrupt service.

Exhibit B

EXHIBIT B (legal description of easement area) is referenced in this instrument but is not attached to this PDF.

Easement Area: a strip of land along the north (or east) boundary line as depicted on the Site Plan.
